

Steve Gilland

Automotive Consultant

Career Summary

While Steve's™ manufacturers experience with Ford Motor Company's™ Customer Service Division (7 years) is valuable, nothing could compare to the actual seven years working in automotive dealerships in different management positions. From service management to selling cars this hands on experience has proven to be Steve's™ biggest asset when working in dealerships or doing presentations to retail managers and employees. In 1997, Steve decided to use both his manufacturing and retail experience and form Teamworks, Inc. Teamworks would focus on: improving employee engagement, customer satisfaction and loyalty, and dealership departmental profitability.
